21st-century classical music is art music, in the contemporary classical tradition, that has been produced since the year 2000.. Some elements of the previous century have been retained, including postmodernism, polystylism and eclecticism, which seek to incorporate elements of all styles of music irrespective of whether these are "classical" or not—these efforts represent a slackening ...

Modernism is a philosophical movement that, along with cultural trends and changes, arose from wide-scale and far-reaching transformations in Western society during the late 19th and early 20th centuries. Among the factors that shaped modernism were the development of modern industrial societies and the rapid growth of cities, followed then by reactions of horror to World War I.

The late 20th century was a transformational period for graphic design. Questioning the increasingly rigid rules of modernism, designers pressed for greater autonomy in their work. At the same time, dizzying advances in technology upended existing design and production processes. Far from the established New York design world, California became a haven for avant-garde designers, a hub of ...
