Gambling is the wagering of money or something of value (referred to as "the stakes") on an event with an uncertain outcome, with the primary intent of winning money or material goods. Gambling thus requires three elements be present: consideration, risk (chance), and a prize. The outcome of the wager is often immediate, such as a single roll of dice, a spin of a roulette wheel, or a horse ...

The word construction has its roots in the Latin word construere, which itself has roots in com-, meaning "together," and struere meaning "to pile up." In addition to the building of property, the noun construction also refers to the building trade itself. If you work for a company that builds things — from offices to houses and bridges to dams — you work in construction, whether you are a ...
