Critical Pedagogy Primer
Critical Pedagogy Primer

Critical pedagogy is a philosophy of education and social movement that has developed and applied concepts from critical theory and related traditions to the field of education and the study of culture. Advocates of critical pedagogy view teaching as an inherently political act, reject the neutrality of knowledge, and insist that issues of social justice and democracy itself are not distinct ...

Critical consciousness, conscientization, or conscientização in Portuguese, is a popular education and social concept developed by Brazilian pedagogue and educational theorist Paulo Freire, grounded in post-Marxist critical theory. Critical consciousness focuses on achieving an in-depth understanding of the world, allowing for the perception and exposure of social and political contradictions.

This article addresses how critical race theory can inform a critical race methodology in education. The authors challenge the intercentricity of racism with other forms of subordination and exposes deficit-informed research that silences and distorts epistemologies of people of color. Although social scientists tell stories under the guise of “objective” research, these stories actually ...
