Entrepreneurial Wage Dynamics In The

Entrepreneurship is the process of designing, launching and running a new business, which is often initially a small business. The people who create these businesses are called entrepreneurs. [need quotation to verify] Entrepreneurship has been described as the "capacity and willingness to develop, organize and manage a business venture along with any of its risks in order to make a profit."

Economic value is a measure of the benefit provided by a good or service to an economic agent. It is generally measured relative to units of currency, and the interpretation is therefore "what is the maximum amount of money a specific actor is willing and able to pay for the good or service"?. Among the competing schools of economic theory there are differing theories of value.

As Figure 1 demonstrates, a blockchain-based entrepreneurship opportunity for financial inclusion implies a sort of semi-formal financial service based on the existing habits and practices of unbanked individuals. These services may or may not accept intermediaries, but they must be necessarily legal and governed by participating peers or socially oriented organizations.
