Retail design is a creative and commercial discipline that combines several different areas of expertise together in the design and construction of retail space. Retail design is primarily a specialized practice of architecture and interior design, however it also incorporates elements of interior decoration, industrial design, graphic design, ergonomics, and advertising.

### **Retail design - Wikipedia**

Between 1980 and 1998 every Canadian province passed legislation that in some way relaxed restrictions on Sunday shopping. This study exploits the variation in deregulation dates between provinces to identify how retail employers adjust employment and hours of work when deciding to open on Sundays.
