Homosexuality And The Mental Health

When Homosexuality Stopped Being a Mental Disorder Not until 1987 did homosexuality completely fall out of the DSM. Posted Sep 18, 2015

When Homosexuality Stopped Being a Mental Disorder ...

The field of psychology has extensively studied homosexuality as a human sexual orientation. The American Psychiatric Association listed homosexuality in the DSM-I in 1952, but almost immediately that classification came under scrutiny in research funded by the National Institute of Mental Health. That research and subsequent studies consistently failed to produce any empirical or scientific ...

Homosexuality and psychology - Wikipedia

Homosexuality is romantic attraction, sexual attraction or sexual behavior between members of the same sex or gender. As a sexual orientation, homosexuality is "an enduring pattern of emotional, romantic, and/or sexual attractions" to people of the same sex. It "also refers to a person's sense of identity based on those attractions, related behaviors, and membership in a community of others who ...

Homosexuality - Wikipedia

Psychiatric Illness. Multiple studies have identified high rates of psychiatric illness, including depression, drug abuse and suicide attempts, among self-professed gays and lesbians. 1 Some proponents of GLB rights have used these findings to conclude that mental illness is induced by other people's unwillingness to accept same-sex attraction and behavior as normal.

Facts About Youth - Mental Health

Mental health difficulties like anxiety, depression, and post-traumatic stress disorder can lead to substance abuse problems and, conversely, using substances can worsen mental health conditions in some people.
