If your purpose is just to talk with native speakers, you can use "I wish I was". If you want to study something by reading books or other forms of formal documents written in English, it would be better you learn "I wish I were" is more appropriate. Writers of such a document mostly have used and still are using "I wish I were" in their writing.

His best advice: "Always have someone you trust hold you financially accountable. Back when I was doing my finances all by myself, it was easy to make excuses for poor choices. Once I had someone to hold me accountable—my wife—those poor decisions went away." "I wish I'd understood the long-term consequences of relying on credit."
