This is a lower division science course meant to introduce students to ocean studies both in physical and life science. It is taught as a hybrid with 3 hrs/week of lecture for one quarter (33 hours) along with a combination of labs and field trips to equate to the remaining 33 hours/quarter.

Natural History of Oregon Coast - serc.carleton.edu

The history of Oregon, a U.S. state, may be considered in five eras: geologic history, inhabitation by native peoples, early exploration by Europeans (primarily fur traders), settlement by pioneers, and modern development.. The term "Oregon" may refer to: . Oregon Country, a large region explored by Americans and the British (and generally known to Canadians as the Columbia District);

History of Oregon - Wikipedia

The Oregon Historical Society shares its vast collection through thought-provoking, interactive museum exhibitions that make history visible and accessible. Three floors of permanent and traveling exhibitions feature rare documents and artifacts, and explore the people, places, and

events that have shaped the history of Oregon and America.

Museum - Oregon Historical Society

it covers the Douglas County history which is really similar to many areas in Oregon - logging, mining, wineries, etc. the exhibits are interactive and interesting for adults, too. The museum was inexpensive and a bit small, but had some great exhibits and hands on activities for my daughter.
