BioMeds - Medical Marijuana Dispensary Colorado Springs

Large amounts of medicines go unused or are expired and the way we dispose of them makes a difference for our waters and our environment. For years the advice was to flush our drugs or mix them with kitty litter and throw them in the garbage. Flushing drugs sends them directly into our waters, harming the environment.

Why Take Back Your Meds? - Take Back Your Meds

Apr. 29, 2019 — Physics and Chemistry scholars have invented a new method which could speed up the drug discovery process and lead to the production of higher quality medicinal drugs which are ...

Katz Index of Independence in Activities of Daily Living (ADL) By: Donna McCabe, DNP, APRN-BC, GNP. New York University Rory Meyers College of Nursing. WHY: Age-related changes and health problems frequently show themselves as declines in the functional status of older adults. Decline may place the older adult on a spiral of iatrogenesis leading to further health problems.

Katz Index of Independence in Activities of Daily Living ...

More and more pharmacists and pharmacy technicians in health systems across the country are hand-delivering prescriptions to hospital patients' bedsides before they are discharged, ensuring they leave with medication in hand. "Meds to beds" programs are aimed at easing patients' transition back to real life after a hospital stay, avoiding readmissions, and improving outcomes.

"Meds to beds" programs prevent rehospitalization ...
