Portrait photography or portraiture in photography is a photograph of a person or group of people that captures the personality of the subject by using effective lighting, backdrops, and poses. A portrait picture might be artistic, or it might be clinical, as part of a medical study. Frequently, portraits are commissioned for special occasions, such as weddings or school events.

Photography Orders is an excellent solution for photographers who want an easy to use fully functional photography script which allows clients to view and buy photographs online.. It is also very user friendly for clients to use. Having looked at several more expensive scripts we found that Photography Orders was the easiest and least confusing for our clients to view and place photo orders.
