Civil rights and civil wrongs: Racism in America today

Racism is the belief in the superiority of one race over another, which often results in discrimination and prejudice towards people based on their race or ethnicity. The use of the term "racism" does not easily fall under a single definition. The ideology underlying racism often includes the idea that humans can be subdivided into distinct groups that are different due to their social behavior ...

Now all of the issues of environmental racism and environmental justice don't just deal with people of color. We are just as much concerned with inequities in Appalachia, for example, where the whites are basically dumped on because of lack of economic and political clout and lack of having a voice to say "no" and that's environmental injustice.

Real white anti-racism has a forgotten history. It is not taught in our schools. David Reynolds, the author of an important biography of the white antislavery activist and abolitionist John Brown, did a NYT op-ed piece noting that 2009 marked the 150th anniversary of his hanging for organizing an insurrection against slavery. Today is now the 160th anniversary.
