**Essay on the Different Forms of Diversity in India**

This is a study of how ethnic diversity is represented in public institutions in India, and how politics manages ethnic inequalities. New data on representational patterns in parliament cover the diversity of caste, tribe and religion. Material disadvantage is central to ethnic and cultural inequality as social and economic inequalities overlap.

**Representing India: Ethnic Diversity and the Governance of ...**

The framework of the project assumes that ethnic difference not merely shapes the identity of a state, but also structures the opportunities of access to institutions and the allocation of resources. The project explores the relationship between various types of diversity and representative opportunities in the governance of the public sector.

India - People: India is a diverse multiethnic country that is home to thousands of small ethnic and tribal groups. That complexity developed from a lengthy and involved process of migration and intermarriage. The great urban culture of the Indus civilization, a society of the Indus River valley that is thought to have been Dravidian-speaking, thrived from roughly 2500 to 1700 bce.
