Review Of Fisheries In Oecd

Fisheries and aquaculture provide food for hundreds of millions of people around the world every day, and employ over 10% of the world's population, many of them women. However, marine and aquatic ecosystems are under stress - from climate change, fishing pressure, and pollution from various ...

Fisheries and aquaculture - OECD

The global food system continues to respond to the needs of a growing and more affluent world population. Learn how we got here. Government policies and interventions play a major role in shaping food and agriculture markets, but policies are not always well aligned to evolving objectives. Resource ...
