The release of Schwartz's Principles of Surgery ABSITE and Board Review app allows surgery residents to prepare for their certification exams using their mobile device. Read on to see how the mobile version stacks up against the traditional paper text.

Schwartz's Principles of Surgery ABSITE and Board Review ...

Recent studies have shed light on the molecular basis for Hirschsprung's disease. Patients with Hirschsprung's disease have an increased frequency of mutations in several genes, including GDNF, its receptor Ret, and its coreceptor Gfra-1. Moreover, mutations in these genes also lead to aganglionic megacolon in mice, which provides the opportunity to study the function of the encoded proteins.
