SUPERVISOR TRAINING CURRICULUM OUTLINE (2.0)

1 This document has been developed to assist the health sector to plan for the development of skills in clinical supervision. The skills for clinical supervision are articulated in the National Clinical Supervision Competency Resource (the Resource)¹, which provides a national benchmark that works across all disciplines in Australian health services.

About Coaching Supervision 'When a supervisee comes to supervision, both people will be changed by the relationship and the conversation that happens between them.(Supervision).. is a place for everyone in the system to be thought about or held in mind. It is a place to have deep conversations; it is a place to think creatively with a joined heart/mind perspective.'

4. "Supervision" means the direct clinical review, for the purpose of training or teaching, by a supervisor of a Professional Counselor's interaction with their client(s). The purpose of supervision is to promote the development of the practitioner's clinical skills. Supervision may include, without being limited to, the review of case presentations, audiotapes, videotapes, and direct ...

The Danielson Model. In 1996, a seminal work on supervision and evaluation was published by Charlotte Danielson. *Enhancing Professional Practice: A Framework for Teaching*, which was updated in 2007, was based on her work with the Educational Testing Service that focused on measuring the competence of preservice teachers. Given its past and current popularity, the Danielson model must be the ...

DSST exams test you on the equivalent of an entire college semester's worth of curriculum in approximately 2 hours. While the idea is to test you on material you are very familiar with, some practice on the content and test itself is in order as a satisfactory score earns you the college credit you're after.
