

## *The Oxford Handbook Of Linguistic Typology*

### **The Oxford Handbook Of Linguistic**

This handbook compares the main analytic frameworks and methods of contemporary linguistics. It offers an overview of linguistic theory, revealing the common concerns of competing approaches. By showing their current and potential applications, the book provides the means by which linguists and others can judge what are the most useful models for the task in hand.

### **Oxford Handbook of Linguistic Analysis - Oxford Handbooks**

The Oxford Handbook of Applied Linguistics contains 39 original chapters on a broad range of topics in applied linguistics by a diverse group of contributors. Its goal is to provide a comprehensive survey of the current state of the field, the many connections among its various sub-disciplines, and the likely directions of its future development.

This handbook provides a critical state-of-the-art overview of work in linguistic typology. It examines the directions and challenges of current research and shows how these reflect and inform work on the development of linguistic theory. It describes what typologists have revealed about language in general and discovered (and continue to discover) about the richly various ways in which ...
