The Politics Of Belonging Race

Race vs Nationality. People often try to combine together “race” and “nationality,” but the fact is that they are two different terms that do not match in any way.. While race refers to people who believe that a particular race is superior to all other races, “nationality” means the belief in belonging to a particular nation.

An ethnic conflict is a conflict between two or more contending ethnic groups. While the source of the conflict may be political, social, economic or religious, the individuals in conflict must expressly fight for their ethnic group's position within society. This final criterion differentiates ethnic conflict from other forms of struggle. Academic explanations of ethnic conflict generally fall ...

Religion and Politics. The relation between religion and politics continues to be an important theme in political philosophy, despite the emergent consensus (both among political theorists and in practical political contexts, such as the United Nations) on the right to freedom of conscience and on the need for some sort of separation between church and state.
